Jl. Teluk Angsan Rawa Blok K No. 17 RT 010/003 Bekasi Jaya, Bekasi Timur

I'm a WordPress developer with over two years of experience designing and developing WordPress-based websites. I'm experienced in customizing themes and plugins, creating responsive designs, and optimizing sites for performance and SEO. I'm skilled in HTML, CSS, and JavaScript fundamentals, and understand UI/UX principles to ensure a seamless user experience. I'm skilled at collaborating with teams and clients to complete projects according to their needs.
